

## FASCINATING FIND

### STELLA'S DOLL HOUSE

After Stella Woolgar's tragic death from fever at 10 years of age in 1926, her dolls' house was shut away in her room for 40 years.

It was then restored, and her family donated it to the museum many years ago.

Stella's doll's house is on display in the Childrens' Museum, in the Cottage, along with many other dolls from around the world.
